Extra Questions for Class 1 Maths Chapter 7

Q1. If Dad is taller than Mom, and Mom is taller than you, who is the tallest?

Dad is the tallest.

Q2. What tool from this chapter can you use to measure the length of a table without a ruler?

Your **handspan**.

Q3. If your school is nearer to your house than the market, which is closer — the school or the market?

The **school** is closer (nearer).

Q4. You hold a bag of stones in one hand and a balloon in the other. Which one is heavier?

The **bag of stones** is heavier.

Q5. Which part of your hand do you use to measure something small, like the width of a bottle cap?

Your **finger(s)**.

Q6. If a table measures 6 handspans for you, and your friend has a bigger hand, will their handspan measurement for the same table be more or fewer handspans?

Fewer handspans, because each of their handspans covers more length.

How to Use These Extra Questions

Try the hands-on ones (Q2, Q3, Q6) with real objects and family members where possible. For the full walkthrough, see the [Solutions](#), or the [Revision Notes](#).
