Quick revision notes for [Class 1 Maths Chapter 4: Making 10](#).

Class 1 Maths Chapter 4 Revision Notes

All pairs that make 10: $0+10$, $1+9$, $2+8$, $3+7$, $4+6$, $5+5$ (and each in reverse order).

Ten-frame: a 2×5 grid used to see how many more boxes are needed to reach 10.

Why it matters: knowing the pairs that make 10 is the foundation for later addition/subtraction with carrying and borrowing, and for place value (tens and ones).
