NCERT Solutions for Class 5 EVS Chapter 9: Rhythms of Nature

Why This Chapter Matters

How to Use These Solutions

Chapter 9 of [Class 5 EVS, Our Wondrous World](#), Rhythms of Nature, explores day and night, seasons, and how natural cycles shape our lives.

NCERT Solutions for Class 5 EVS Chapter 9: Rhythms of Nature

What this chapter teaches.

The six traditional seasons observed in India based on how nature changes every couple of months; how seasons affect our food, clothes, festivals, and crops; day and night as a natural rhythm; and how keeping a nature journal helps notice long-term changes in the environment.

Activity 1 — Name the Six Seasons.

Children list India's six traditional seasons and describe the weather typical of each.

Activity 2 — Seasonal Foods and Festivals.

Children match foods, clothes, or festivals to the season they're most associated with.

Activity 3 — Keep a Nature Journal.

Children start a simple nature journal, noting daily weather and any seasonal changes they observe over a week or month.

Why This Chapter Matters

Noticing natural rhythms and seasonal change builds observation skills and a deeper connection to the environment.

How to Use These Solutions

Start a simple nature journal together, jotting down the weather and any seasonal changes you both notice each day. Download the full chapter from our [Class 5 EVS NCERT book page](#), or browse the [Class 5 hub](#).
